## CALLED TO CARE

# All the candidates everywhere in Finland vaalit.kd.fi/2017

#### BETTER ELDERLY CARE

- Services for the elderly must be at a level that you don't have to be afraid of aging. We need genuine care and enough hands that take care.
- Burden of caregivers must be eased with days off and home help.
- Interaction between generations is important. Loneliness and insecurity must be decreased by peer support and support persons.
- Christian Democrats promote good palliative care at the end of life.

### FAMILIES AND CHILDREN ARE THE PRIORITY

- We want chield-friendly municipalities. Services for families must be increased to support parenthood and to help manage everyday life.
- Municipal subsidies for home care allowance and private day care allowance have to be maintained.
- We defend small groups sizes and enough staff in day care and schools. We keep the fees for Morning and Afternoon clubs reasonable.

#### MUNICIPALITIES WITH ENTREPRENEURS SUCCEED

- Entrepreneurs must not be bullied. Services promoting the vitality of the region must come from one service point. Smooth license services and city planning equally to all areas.
- Local entrepreneurs must be paid attention to in municipal procurements. Let's reform TE-services to promote work and to support local entreprises.
- Working must be profitable. Christian Democrats keep taxation reasonable and avoid increasing taxes and other levies.
- Let's make muncipalities good employers. We invest in welfare at work.

#### WE COMPETE WITH THE BEST EDUCATION

- School performance must be improved. Finland succeeds with know-how.
- Every young person deserves the possibility to get education after the comprehensive school. Contact-teaching must be increased. Let's put a stop to school bullying.
- Teaching must be developed by taking into account the regional business needs.
- Let's play Suvivirsi. We cherish the Christian cultural heritage of Finland.

#### **HEALTHY PREMISES**

- Christian Demcrats want mould resistant municipalities. It's sick to save from healthy premises.
- Supervision of building and construction has to be more effective and indoor air pollution avoided.

#### SOCIAL AND HEALTH CARE SERVICES MUST BE REFORMED

- We want a comprehensive service promise. Treatment must be available quickly and neighbourhood services accessible. Health inequalities have to be decreased.
- We invest more in basic health care services, we create smooth treatment pathways and increase preventive work. Freedom of choice must be expanded with vouchers.
- Christian Democrats invest in prevention in addiction treatment. There must be enough mental health care services available.
- Social and health care reform must not become a private cherry-picking automaton or a complex organization chart.

#### WELFARE FROM SPORTS

- Active schools to every municipality! Let's increase the number of sport clubs. Every child deserves at least one hobby regardless of the family's wealth.
- Municipalities and sport clubs could work together to promote health. Well cared for sport fields, recreation routes and walking and cycling routes make you want exercise.

#### COSY ENVIRONMENT, CLEAN ENERGY

- We take care of the environment. Let's make the waters near us clean, the nature and parks cosy.
- Christian Democrats defend smooth and affordable public transport.
- We promote reusing, renewable energy and reducing waste.
- We need decentralized energy generation. We favour the possibility of residents to generate energy by themselves.
